**"Brilliant Reference Source" ---John Green, author of *Looking for Alaska***

Featured in John Green's **VLOGBROTHERS** Video – "GEEKING OUT Over Dying Declarations" [ over 150,000 views ! ]

"This book contains all the last words I've never known but wanted to know... Last night I stayed up til 3 o'clock in the morning reading this..."—John Green <http://www.youtube.com/watch?v=tBmjLEq9-1k> (Oct. 7, 2010)

**"Last Words of Notable People is such a necessary, captivating volume.** He (Brahms) debunks some famous last words and mines the culture for moving final thoughts in this painstakingly annotated, infinitely readable book."  
—Robert K. Elder, author of *Last Words of the Executed*

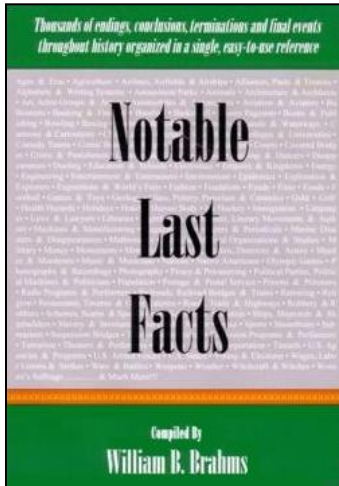

**"Last Words Scholarly at Last"** "(Last Words of Notable People) documents not only last words and their variations, but also completely different quotes when applicable. It also includes well-known last-word contrivances, clearly marked as "doubtful" in the text...The depth of research that was required for this work is staggering, as is the potential range of inquiry it will assist and inspire, as historians investigate not only what people said, but all the ways in which last words are remembered, misheard and completely made up. This death librarian is sold."
